

### **Ms. Michele's Message**

Happy New Year! I am looking forward to seeing all the smiling faces back in school on Tuesday, January 6<sup>th</sup>! The transition back to school after a long break can sometimes be tricky. It's perfectly normal for children to need a little encouragement to return to the school routine. The best thing you can do is show a positive attitude, keep consistent morning patterns, and rest easy in the knowledge that your child's teachers are well prepared to handle any readjustment situations that present themselves.

We are going to have a fantastic start to 2026!
